Career Objective

QA Engineer with hands-on expertise in testing cloud-based SaaS platforms (HRMS, ERP, AI-powered solutions) in multitenant environments. Proven ability to design test strategies, automate critical workflows using Playwright and Selenium, and deliver end-to-end test coverage. Seeking a role to contribute to quality assurance, test automation, and digital product excellence.

Work Experience

Junior SQA Engineer — AKIJ iBOS Limited, Dhaka

October 2024 – Present

- Tested cloud-based SaaS products (PeopleDesk HRMS, POS Managerium, NextJobz AI portal) ensuring scalability, reliability, and security in multitenant environments
- Designed and executed comprehensive test cases across manual, API, performance, and mobile (iOS/Android) testing; identified and documented 100+ bugs with root cause analysis
- Conducted API testing with Postman & Newman; created performance test scripts in JMeter; executed unit, integration, system, and regression testing
- Proficient in SDLC/STLC; created detailed test documentation (Test Plans, Test Cases, Checklists); collaborated with development team in daily Scrum standups
- Tracked and triaged defects in Jira; validated UI/UX changes and tested user flows for critical features

Key Achievements

- Built modular Playwright automation framework with Page Object Model (POM) pattern
- Created comprehensive test documentation for ERP, POS and HR platforms; reduced manual testing time by organizing reusable test templates

Technical Skills

- **Testing:** Manual testing (web, mobile iOS/Android), API testing (Postman, Newman), Performance testing (JMeter, Locust), Automation (Selenium, Playwright, Maestro Studio)
- **Tools & Frameworks:** Jira, ClickUp, GitHub, Playwright, Selenium
- **Programming:** JavaScript, Python
- **Concepts:** SDLC, STLC, Agile/Scrum, OOP, Git/GitHub
- **Specializations:** Test automation, multi-tenant SaaS testing, API/performance testing, CI/CD integration

Featured Projects

Industrial QA Projects

- **PeopleDesk (HRMS):** Comprehensive test case, automation script and bug documentation for HR management platform

- **POS Managerium:** Multi-store retail system testing
- **NextJobz:** AI-powered job portal testing

Automation & Testing GitHub Projects

- **Playwright Framework (Login, Checkout, Cartpage, Inventory page Testing):** POM architecture with GitHub Actions CI/CD · [View](#)
- **API Testing with Postman & Newman:** [View](#)
- **Performance Testing with JMeter:** [View](#)
- **Selenium Automation (WafiLife Website):** [View](#)
- **Manual Testing & Bug Reports:** [Chaldal](#), [Mahfil-App](#)

Education

B.Sc. in Computer Science & Engineering

State University of Bangladesh, 2024

HSC (Science)

Khagrachhari Government College, 2019

Certifications & Training

- **Advanced SQA & Cybersecurity:** IT Training BD (Feb–Jul 2024) · Certificate No: ITB-B23-4314 · [Verify](#)
