WORK EXPERIENCE

Junior SQA Engineer — AKIJ iBOS Limited, Dhaka

January 2025 – Present

- Tested PeopleDesk HRMS modules (Performance Management System, Training & Development, Asset Management, and redesigned Payroll) through functional, regression, integration, API, and end-to-end (E2E) testing.
- Owned end-to-end QA for the Performance Management System and Training & Development modules; rewrote existing Selenium automation in Playwright using the Page Object Model (POM) to improve maintainability and regression coverage.
- Conducted performance testing for a system supporting 14,000+ employees to diagnose and address application slowdowns during peak login hours (7:00–8:00 AM).
- Tested initial builds of Managerium POS, covering core retail workflows and system integrations.
- Tested ERP Payroll workflows, calculations, and business requirement validation.
- Collaborated with Development and Business Analyst teams, managed and triaged defects, and delivered testing on schedule in high-pressure, deadline-driven environments.

SQA Intern — AKIJ iBOS Limited, Dhaka

October 2024 – December 2024

- Completed a hands-on internship in Software Quality Assurance, gaining practical experience across the full testing lifecycle in an enterprise SaaS environment.
- Designed, documented, and executed manual test cases across web and mobile (iOS/Android) platforms.
- Identified and tracked 100+ bugs in Jira with detailed root cause analysis and severity classification.
- Supported senior QA engineers with API testing using Postman and mobile testing using Maestro Studio.
- Developed Selenium automation scripts for multiple features to streamline repetitive functional and regression testing.

KEY ACHIEVEMENTS

- Built a modular Playwright automation framework using the Page Object Model (POM) pattern.
- Automated stable features to improve regression testing efficiency.
- Created reusable test cases and documentation for ERP, POS, and HR platforms.
- Took end-to-end QA ownership of the Performance Management System and Training & Development modules.
- Contributed to API and performance testing to ensure system quality and reliability.
- Consistently delivered quality testing within tight deadlines and high-pressure environments.

TECHNICAL SKILLS

- **Testing:** Manual testing (web, mobile iOS/Android), API testing (Postman, Newman), Performance testing (JMeter, Locust), Automation testing (Selenium, Playwright, Maestro Studio).
- **Tools & Frameworks:** Jira, ClickUp, GitHub, Playwright, Selenium.
- **Programming:** JavaScript, Python
- **Concepts:** SDLC, STLC, Agile/Scrum, Object-Oriented Programming (OOP), Git/GitHub, Page Object Model (POM).
- **Specializations:** Test automation, multi-tenant SaaS testing, API and performance testing.

FEATURED PROJECTS

Industrial QA Projects

- **PeopleDesk (HRMS):** Tested enterprise HR modules including PMS, Training & Development, Asset Management, and Payroll. Created test cases, automation scripts, performed API/performance testing, and documented defects.
- **POS Managerium:** Tested the initial builds of a multi-store retail/POS system, covering core sales workflows, business logic, integrations, and overall system behavior.
- **NextJobz:** Tested an AI-powered job portal, covering key user workflows, functional requirements, UI behavior, and application reliability.

Automation & Testing GitHub Projects

- **Mobile Automation Framework (uiautomator3):** Built an Android UI automation framework with scored/self-healing element locators, OCR and computer-vision fallback, and a web-based inspector for XPath/locator generation. [View](#)
- **Playwright Framework (Login, Checkout, Cart Page, Inventory Page Testing):** POM architecture with GitHub Actions CI/CD. [View](#)
- **API Testing with Postman & Newman:** [View](#)
- **Performance Testing with JMeter:** [View](#)
- **Selenium Automation (WafiLife Website):** [View](#)
- **Manual Testing & Bug Reports:** [Chaldal](#), [Mahfil-App](#)

EDUCATION

B.Sc. in Computer Science & Engineering

State University of Bangladesh — 2024

CERTIFICATIONS & TRAINING

- **Advanced SQA & Cybersecurity** — IT Training BD, Certificate No: ITB-B23-4314. [Verify](#)
